BIOGRAPHY

Pedro Silva has been an Engineer at Licks Attorneys' Rio de Janeiro office since 2026. Mr. Silva works with the firm's information and communication technology team, focusing on intellectual property matters involving telecommunications technologies. His practice includes analyzing patent applications, reviewing specifications and claims, and preparing responses to office actions issued by the BRPTO. Prior to joining Licks Attorneys, Mr. Silva gained experience in mobile and wireless communication systems, particularly 4G and 5G networks, as well as digital products and services, including cloud computing, artificial intelligence, and connectivity solutions.

EDUCATION

- Bachelor's Degree (B.Sc), Telecommunications Engineering, Fluminense Federal University – UFF (2026).
